

05/07/2020

Dear Residents, Families, and Friends,

As the country continues to progress through the coronavirus (COVID-19) pandemic, we are continuing to adapt to provide a comfortable environment while attempting to limit the spread of the virus.

As of 5/07/2020, I am pleased to report that there are no additional Paramount Senior Living communities with confirmed or presumptive positive resident cases of COVID-19.

This week we celebrated Nurse's Week to honor the incredible work of our Paramount Senior Living nurses. We hosted a "Taco Tuesday" catered meal celebration and have implemented "appreciation stations" stocked with snacks and beverages to keep all of our employees motivated during this difficult time.

With this weekend being Mother's Day, we understand that it will be difficult not to be able to intimately celebrate this special day with your mother if she lives at Paramount Senior Living. We have arranged for a variety of special activities, gifts, and window/virtual visits in an effort to honor and recognize the mothers that live within our senior living communities. We will be able to accept flowers and other items, but we ask that those be delivered on Friday, May 8th between 10am-2pm so that they can be staged per our protocol and delivered to residents on Sunday.

We understand that some states are beginning to loosen restrictions, yet what is referred to "phase one" still restricts visitation of families and non-medically necessary personnel to senior living residences. However, as the weather begins to improve, we are working on a plan to facilitate outdoor, distanced visits, with additional information forthcoming.

We appreciate your cooperation and communication as all of us continue to battle COVID-19. If you have further questions, please reach out to your Executive Director.
